

Subject: Call for proposals to host the ICBM 2020

Dear member societies of ISBM,

As you know, next year (2016) the International Congress of Behavioral Medicine (ICBM) will be held in Melbourne (Australia). The following congress will be held in Santiago de Chile in 2018.

Several member societies have already expressed their interest in hosting the ICBM in 2020. We are now approaching all member societies about the possibility to host the next international meeting in 2020.

You may find the current guidelines for organizing the congress attached or at <http://www.isbm.info/members/members.html#guidelines>. All our previous congresses have been successful both scientifically and financially.

If your Society is considering to apply for the organization of the ICBM in 2020, please submit a letter of intent by **March 15th 2016**.

A detailed proposal for the location and the budget will be asked in a next phase of the application process.

Please let me know if you have any questions.

Best regards
Adrienne Stauder
ISBM President
