## ICBM 2018 ORGANIZERS

International Society of Behavioral Medicine

Chilean Society of Behavioral Medicine and Health Psychology

Dear Congress Attendees,

On behalf of the Scientific Program Committee and the International Society of Behavioral Medicine (ISBM), we welcome you to the 15th International Congress of Behavioral Medicine (ICBM) in Santiago de Chile! Along with the Scientific Program Committee, we have selected an outstanding scientific program representing the remarkable breadth and depth of current behavioral medicine research across the world.

We received more than 800 submitted abstracts representing 47 different countries. As the 15th ICBM represents our first congress in Latin America, please join us in welcoming our Latin American colleagues who have contributed to the strength of our scientific program in record numbers this year. We encourage you to review the program and look for congress events that reflect this year's three-part theme: innovative behavioral interventions, translation of behavioral medicine, and novel approaches for supporting health promotion.

Our speakers will highlight exciting directions in behavioral medicine research to promote resilience, disease prevention and control, health behavior change, and reductions in health disparities via symposium, oral and poster presentations. This work reflects the critical role of behavioral medicine in advancing the health of individuals and communities around the world. We also have an exciting line up of morning and mid-day meetings scheduled throughout the Congress— these are unique and more intimate opportunities to network, gain career development guidance, and discuss targeted behavioral medicine topics in small groups with leading experts in the field. Similarly, our pre-conference workshops provide educational and training opportunities to Congress delegates in relatively small settings that allow for rich and fruitful scientific exchanges.

Our opening ceremony on Wednesday evening will not only formally welcome all attendees to the Congress and recognize a distinguished group of awardees, but will also include our Irmela Florin lecture delivered by the incoming President of the ISBM. During the closing ceremony on Saturday, we introduce the incoming Board Members of ISBM and our next Congress venue. The Local Organizing Committee has also been hard at work at planning local activities and has selected an amazing location for our Gala Dinner Friday evening at a venue which offers exceptional views of Santiago de Chile and its surroundings.

We encourage you to take full advantage of all opportunities this week to attend congress scientific and social events and meet with other attendees and share interests in advancing behavioral medicine through research, dissemination, networking, and education. We also hope that you will have opportunities to experience the beauty and culture of Santiago and its surrounding areas.

Bienvenidos a Santiago de Chile!

Best wishes,

**Chair, Local Organizing Committee**

Dear Congress Attendees,

On behalf of the Local Organizing Committee and the Chilean Society of Behavioral Medicine and Health Psychology, I am delighted to welcome you to the fifteenth International Congress of Behavioral Medicine. This congress is an interdisciplinary forum of excellence which addresses relevant and emerging topics in Behavioral Medicine and related fields.

The ICBM 2018 has brought together a select group of invited speakers and has attracted the participation of experts in the field from around the world. Almost 900 studies from 47 countries were submitted. We are very grateful to all those from the International Society of Behavioral Medicine who have contributed to the enormous amount of work involved, in order to achieve this year's outstanding Program.

Hosting the ICBM for the first time in Latin America, provides a unique opportunity for behavioral medicine researchers from across this region. The Local Organizing Committee maintains a particular interest in encouraging the participation of these researchers. We thank the International Society of Behavioral Medicine and the Latin American Advisory Committee; both have greatly contributed towards fulfilling this objective.

We invite you to take advantage of the social events for networking, especially at the opening and closing ceremonies. Another major event will be the gala dinner held in the Sky Costanera Tower, which stands at 300 meters overlooking the Chilean capital.

We hope that you enjoy an enriching stay in Chile, with all its cultural diversity, landscapes and people.

Kind regards,

Eliana Guic, PhD.

Chair, Local Organizing Committee of the 15<sup>th</sup> International Congress of Behavioral Medicine  
President, Chilean Society of Behavioral Medicine and Health Psychology

## GENERAL INFORMATION

### CONGRESS VENUE AND DATES

Intercontinental Hotel, Avenida Vitacura 2885, El Golf, Santiago  
November 14-17, 2018.

The Intercontinental Convention Center and Hotel is located in the Santiago business district, five blocks from the metro station Tobalaba and close to various other hotels and restaurants. The hotel has a fitness center, swimming pool, club lounge, various restaurant options, and a 24-hour business center with workstations, high speed Internet, fax and photocopier.

### GENERAL TOURIST INFORMATION

Chile Travel <http://chile.travel/en/>

This is Chile <https://www.thisischile.cl/?lang=en>

### SHOPPING

Nearby shopping areas include Costanera Center Mall, Casa Costanera Mall, Alonso de Cordova and Providencia areas and Parque Arauco shopping mall. All of them are only a few minutes away from the venue.

### PARKS AND MUSEUMS

The diversity of Santiago shines through its many contrasting neighborhoods. The Intercontinental Hotel is located in a dynamic and cosmopolitan area of Santiago. While exploring the area you will discover beautiful parks and original art galleries (see information below), a great selection of restaurants, bars and cafes as well as first-rate shopping opportunities in the stylish Alonso de Córdoba and El Golf neighborhoods.

#### Parque Bicentenario (Bicentennial Park)

[https://www.vitacura.cl/plan\\_obra/parque\\_introduccion.html](https://www.vitacura.cl/plan_obra/parque_introduccion.html)

A 6 minute walk from the Intercontinental Hotel

This beautiful park comprises of 27 hectares extending along the eastern bank of the Mapocho River. It has around 4,000 trees, of which more than 1,300 are native species. Its great attraction is the North Lagoon, where black-necked swans, flamingos, taguas, herons and triles coexist. It also contains several outdoor exercise areas for children and adults.

#### Santiago Ralli Museum

[www.museoralli.cl](http://www.museoralli.cl)

<https://www.rallimuseums.com/en>

Alonso de Sotomayor 4110, Vitacura.

A 20 minute walk from the Intercontinental Hotel.

The Santiago Ralli Museum houses a major collection of Latin American art with artists from Argentina, Peru, Brazil, Colombia, Uruguay, Mexico, Honduras, and Cuba, among others. It also houses an interesting collection of works by Dali, Chagall and Calder. In 2018 it was awarded the certificate of Excellence by Tripadvisor for the 4th time. It is open to the public free of charge.

#### Museo de la Moda (Fashion Museum)

<http://www.museodelamoda.cl>

Avenida Vitacura 4562, Vitacura.

A 25 minute walk from the Intercontinental Hotel

The Museum's mission is to preserve and exhibit garments and objects for educational and illustrative purposes, demonstrating that fashion is a faithful reflection of the societies from each historical era. The present exhibition is Kurt Cobain, Beyond Music. It will be the first exhibition of the leader of grunge in Latin America and will bring drawings of his childhood, memories of the Cobain family and iconic pieces from the collection of the Museum of Fashion, which will give life to the show that tries to show his artistic side more unknown.

#### Parque de la Escultura (Sculpture Park)

[https://es.wikipedia.org/wiki/Parque\\_de\\_las\\_Esculturas](https://es.wikipedia.org/wiki/Parque_de_las_Esculturas)

Avenida Santa María 2205, Providencia.

A 15 minute walk from the Intercontinental Hotel

Outdoor art. This park was designed and built in 1982 by the prestigious national architect Germán Bannen, who won the National Urbanism Award. Its gardens contain sculptures belonging to the main national artists such as Marta Colvin, Federico Assler, Sergio Castillo, Samuel Román and Lily Garafulich, winners of the National Art Prize. It is a pleasant natural environment where interesting forest species are also found.

### DOWNTOWN SANTIAGO

Museo Chileno de Arte Precolombino (Chilean Museum of Precolombian Art)

<http://www.precolombino.cl/en/>

Bandera 361, Santiago. Metro Plaza de Armas

Ranked at First Place in TripAdvisor's 2018 Travellers Choice - the Top 10 Most Popular Museums in Chile!

This museum holds exceptional exhibits, representing indigenous American art in all its variety, selected mainly via the spiritual message of art. The museum is housed in one of Santiago's most distinguished colonial buildings. Constructed in 1805, it was originally the colonial government's Royal Customs House. This stunning piece of neoclassical architecture was based on plans drawn up by de Joaquín Toesca, an Italian architect whose previous commissions included the Palacio de La Moneda, the presidential palace.

#### Centro Cultural La Moneda

<http://www.ccplm.cl/sitio/>

Plaza de la Ciudadanía 26, Metro La Moneda, Santiago de Chile.

This is an exhibition center situated below La Moneda Presidential Palace, which includes an interesting handcraft store and restaurant.

#### Museo de Arte Colonial San Francisco

(San Francisco Museum of Colonial Art)

<http://museosanfrancisco.com/en/>

Iglesia San Francisco, Alameda 834, Santiago. Metro: Universidad de Chile.

On one side of the San Francisco church, in the middle of the noisy city, the Colonial Art Museum of San Francisco is located on the first floor of a 17th century convent, which is also one of the oldest buildings in the country. The Museum was inaugurated in 1623 and has seven rooms; six hold important and representative pieces of colonial art and one contains personal objects belonging to the poet Gabriela Mistral, who donated her medal and Nobel Prize diploma.

## WINERIES CLOSE TO SANTIAGO

Santa Rita

<http://www.santarita.com/international/andean-museum/>

Take a tour around this winery and discover its fascinating history as well as how it works today, followed by a wine tasting in the cellars. There is also the Andean Museum with a stunning pre-Colombian art collection: Easter Island room and its collections of old wooden moais; archaeological pieces from Arica culture; works from San Pedro culture; the Diaguita collection and the Mapuche section. You can eat at Doña Paula restaurant and buy wine at the Wine shop.

## Concha y Toro

<https://conchaytoro.com/en/>

Visit the 100 year old Concha y Toro wine cellars. Taste some of the country's top wines and discover the century old legend of the "Casillero del Diablo" (devil's wine cellar).

## Colchagua Valley

<https://www.rutadelvino.cl/en/>

Colchagua Valley is one of the world's first class tourist destinations. The area hosts several vineyards, exclusive wine tours and a wine tour by train, all only an hour away from Santiago. This unique experience takes you across a major wine-producing valley of Chile with live music and wine tastings on board.

## MOUNTAINS, HILLS AND TREKKING ROUTES

### Trekking

<http://www.rutas.dtrekking.cl/>

Escape from the noise of the city and enjoy the surrounding nature and silence on one of 13 trekking routes.

### San Cristobal Hill

<http://telefericosantiago.cl/>

Teleferico Santiago. Experience Santiago from the sky while travelling in a cable car to or from Cerro San Cristóbal, a hill located in the Metropolitan Park of Santiago. This is the largest urban park in Chile and one of the largest in the world, measuring approximately 1,800 acres.

## COAST AND BEACHES

Visit the beautiful, colorful city of Valparaíso, a UNESCO heritage site and only one hour away from Santiago. Often referred to as "La Ciudad Jardín" ("The Garden City"), Viña del Mar is also located within the Valparaíso region. It is known for its resorts, malls, extensive coastline, high-rise buildings and entertainment.

## EMERGENCY and EVACUATION PROCEDURES

### OPENING ADDRESS

**Urs Nater, PhD**  
Professor of Clinical Psychology  
University of Vienna  
Austria.

Irmela Florin Lecture.  
Wednesday 14 November  
17:00 – 18:30  
Welcome Ceremony

### The Power of Music: Is Listening to Music Good for Your Health?

Urs Nater, PhD, is a Full Professor of Clinical Psychology at the University of Vienna, Austria. He is also Director of the Biochemical Lab as well as the Music & Health Lab at the Faculty of Psychology and currently serves as Head of the Institute of Applied Psychology: Health, Development, and Promotion. Before that, he was holding the Lichtenberg Professorship of Clinical Biopsychology at the University of Marburg, Germany. He received his Ph.D. from the University of Zurich, Switzerland, and completed his post-doctoral training at Emory University, Atlanta, USA. He is also a Guest Researcher at the Centers for Disease Control and Prevention, Atlanta. His work has been recognized by various awards, including a Young Investigator Award (International Society for Psychoneuroendocrinology, 2005), a Young Scientist Award (Swiss Society of Psychology, 2005), a Scholar Award (American Psychosomatic Society, 2006), an Early Career Award (International Society of Behavioral Medicine, 2006), the Irmela-Florin-Award (German Society for Behavioral Medicine, 2007), the Charlotte-and-Karl-Bühler Award (Germany Society of Psychology, 2012), and the Outstanding New Investigator Award (International Society for Behavioral Medicine, 2016). His research focuses on identifying the underlying mechanisms that translate stress into illness, by integrating methods and approaches from psychology, medicine, and biology.

Dr. Nater has been serving the ISBM as a member of the Emerging Scientists Sub-Committee from 2006 to 2008, as the Newsletter Editor from 2008 to 2010, as Secretary from 2009 to 2012, as Chair of the Communications Committee from 2012 to 2016, and as President-elect from 2016 to 2018.

Buenos Aires University  
Argentina

Friday 16 November 2018  
12:15 – 13:00

Chair: Deborah Jones  
**HIV: The Virus, The Patient and Beyond**

Pedro Cahn, MD, PhD is the Scientific Director of Fundacion Huesped, the largest non-governmental organization (NGO) devoted to addressing HIV and other infectious diseases in Argentina. He is a Professor of Infectious Diseases at the University of Buenos Aires Medical School. Dr. Cahn serves as an advisor to leading international health organizations including the Joint United Nations Program on HIV/AIDS (UNAIDS), World Health Organization (WHO), Pan American Health Organization (PAHO), and Médecins Sans Frontières (Doctors Without Borders). He is the founder and former director of the Infectious Diseases Division at the Juan A. Fernandez Hospital (the first infectious diseases unit within a public hospital in Argentina), where he now serves as a Senior Consultant. He also previously served as the President of the International AIDS Society (2006-2008) and Chair of the first International AIDS Society Conference on HIV Pathogenesis and Treatment. He has been involved with various other international working groups and conferences on AIDS since 1989. Dr. Cahn has led major scientific inquiries on infectious disease topics including access to care, antiretroviral therapy, opportunistic infections, and perinatal transmission. He is the author of more than 200 peer-reviewed papers and book chapters.

# KEYNOTE SPEAKERS

**Charles Abraham, BA, D Phil, C Psychol, FBPsS, FEHPS, FHEA**  
**Melbourne School of Psychological Sciences**  
**University of Melbourne**  
**Australia**  
Saturday 17 November 2018  
12:15 – 13:00

*Chair: Joost Dekker*  
**Making Behaviour Change Research Useful**

Charles Abraham is an applied social and health psychologist specialising in translational health research. His research focuses on the design, evaluation and implementation of interventions to change behaviour patterns, especially those with the potential to improve public health and health care effectiveness. He has led, and collaborated on, many multidisciplinary, cross-institutional and international research projects and his research has had both practice and policy impact. He has held scientific advisor positions with the UK Department of Health, the UK National Institute for Health and Care Excellence (NICE) and the UK House of Lords. He was one of 7 psychologists included in a list of the leading 100 practising scientists in the UK produced by the UK Science Council in 2014. He is also a practising, health psychologist, registered by the UK Health and Care Professionals Council. His Google Scholar H factor is 65 and he holds honorary chairs at the Universities of Maastricht, Exeter, Nottingham, Sussex and Curtin.

## CLOSING ADDRESS

**CAROL D. RYFF, PhD.**  
**University of Wisconsin-Madison, USA**  
Saturday 16 November 2018  
16:15 – 17:00

*Chair: Attilio Rigotti*  
**Well-Being with Soul and Its Relevance for Health**

Carol D. Ryff is Director of the Institute on Aging and Hildale Professor of Psychology at the University of Wisconsin-Madison. Her model of psychological well-being has been translated to more than 35 languages and is used across diverse scientific fields (750+ publications have used her scales). Dr. Ryff has studied how psychological well-being varies by age, educational status and cultural context as well as by the challenges and transitions of adult life. Whether well-being is protective of good physical health is a major interest, with numerous findings linking different aspects of well-being to morbidity and mortality, along with diverse biomarkers (neuroendocrine, immune, cardiovascular) and neural circuitry. A guiding theme is resilience – how some are able to maintain, or regain, well-being in the face of adversity and what neurobiology underlies this capacity. Dr. Ryff currently directs the MIDUS (Midlife in the U.S.) longitudinal study, which has become a major forum for studying health and aging as an integrated biopsychosocial process. She also directs MIDJA (Midlife in Japan), for which she received an NIH Merit Award.

## MASTER PANEL

**Strategies to Achieve Healthy Lifestyles and Reduce Obesity and Cancer**  
**Amelie Ramirez and Klaus Puschel**  
Thursday 15 November 2018  
12:15-13:00  
*Chair: Michael Diefenbach*

**AMELIE RAMIREZ DrPH**  
**University of Texas, USA.**

**The International Crisis of Obesity and How to Address It with Communication**

Amelie G. Ramirez, DrPH, an internationally recognized cancer and chronic disease health disparities researcher, is professor and interim chair of epidemiology and biostatistics at UT Health San Antonio, where she also is director of the Institute for Health Promotion Research and associate director of cancer prevention and health disparities at Mays Cancer Center at UT Health San Antonio. Over 30 years, she has led behavioral and communications research that reduced cancer and chronic disease, increased screening rates and clinical trial accrual, and improved healthy eating and physical activity among U.S. Latinos. Dr. Ramirez directs the Salud America! multimedia program to empower healthy changes to promote healthy weight among Latino children ([www.salud-america.org](http://www.salud-america.org) and @SaludAmerica on social media). She also uses innovative technology—such as text messaging, social media, and apps—to reach Latinos in real-time with behavior-change messages and interventions on smoking cessation and more. She also has trained or mentored more than 250 Latino undergraduates, doctoral students, and early-career investigators, and directs the Exito! training program to equip master's-level students to seek doctorates and cancer research. She is on the scientific advisory boards of Susan G. Komen, Avon Foundation for Women, and LIVESTRONG. Locally she is a member of the San Antonio Mayor's Fitness Council. Recognitions include: 2007 election to the National Academy of Medicine; 2011 White House "Champion of Change"; and 2014 APHA Everett M. Rogers Public Health Communication Award. Dr. Ramirez received MPH and DrPH degrees from the UT Health Science Center at the Houston School of Public Health.

**KLAUS PUSCHEL MD, MPH, Mbioeth**  
**P. Catholic University of Chile, Chile**

**Cancer Risk Factors: Intervention at the Primary Care Level**

Dr. Klaus Puschel is a Full Professor at the Department of Family and Community Medicine at the School of Medicine Pontificia Universidad Católica de Chile. He combines clinical activities and epidemiological research working in Primary Care and also serving at the University Cancer Center where he leads the Cancer Prevention and Follow-up Program. He has conducted several NIH and Chilean National funded projects related with primary cancer prevention and also, breast, cervical and gallbladder cancer screening strategies. His work has been developed in close collaboration with the Cancer Prevention team at the Fred Hutchinson Cancer Research Center in Seattle, USA. Dr. Puschel was the Chair of the Department of Family Medicine (2008-2014) and Director of the Medical School at PUC for a period of four years (2014-2017). He completed his medical residency program in Family Medicine and a fellowship program in cancer prevention at the Fred Hutchinson Cancer Research Center in Seattle, USA. He holds a Master Degree in Public Health and Community Medicine from the University of Washington in Seattle and a Master Degree in Bioethics from the University of Leuven in Belgium. His research areas are community medicine, health advocacy and cancer prevention strategies in primary care.

## MASTER LECTURES

**Kasisomayajula Viswanath, PhD**  
**Harvard University, USA**

Thursday 15 November 2018  
14:30 – 15:15

*Chair: Stephen M. Weiss*

### **Scale and Skills: Translational Communications to Address Health Inequities**

Dr. K. "Vish" Viswanath is Lee Kum Kee Professor of Health Communication in the Department of Social and Behavioral Sciences at the Harvard T. H. Chan School of Public Health and in the McGraw-Patterson Center for Population Sciences at the Dana-Farber Cancer Institute (DFCI). He is also the Faculty Director of the Health Communication Core of the Dana-Farber/Harvard Cancer Center (DF/HCC). Additional leadership positions include: Director of the Center for Translational Communication Science, DFCI/Harvard Chan; Co-Director, Lee Kum Sheung Center for Health and Happiness, Harvard Chan; and Director, Harvard Chan, India Research Center and Program. Dr. Viswanath's work draws from communication science, social epidemiology, and social and health behavior sciences, with a focus on translational communication science to influence public health policy and practice. His primary research is in documenting the relationship between communication inequalities, poverty and health disparities, and knowledge translation to address health disparities. Dr. Viswanath has written more than 240 journal articles and book chapters. He received a Joseph W. Cullen Memorial Award For Excellence in Tobacco Research (American Society for Preventive Oncology); Dale Brashers Distinguished Mentorship Award (National Communication Association); Outstanding Health Communication Scholar Award (International Communication Association and National Communication Association); Mayhew Derryberry Award for contributions to health education research and theory (American Public Health Association), and CLA Alumnus of Notable Achievement, University of Minnesota. He was elected Fellow of the International Communication Association (2011), the Society for Behavioral Medicine (2008) and the Midwest Association for Public Opinion Research (2006).

**ERICA SLOAN, PhD**  
**Monash University, Australia**

Thursday 15 November 2018  
14:30 – 15:15

*Chair: Susan Lutgendorf*

### **Getting on the Nerves of Cancer: Targeting Chronic Stress to Stop Cancer Spread**

Associate Professor Erica Sloan holds a joint academic position at Monash University (Australia) and at University of California Los Angeles (USA). She received her PhD in 2003 and was appointed to her faculty position in 2010 after several years as a Research Fellow at UCLA. A/Prof Sloan has pioneered studies into the contribution of stress and neural signalling to cancer progression. Many of her publications focus on cellular and molecular mechanisms of chronic stress in preclinical mouse models of metastatic cancer. Her research has led to several clinical trials, including a Phase II clinical trial to assess the value of the  $\beta$ -blocker propranolol in breast cancer patients.

**Chengxuan Qiu, PhD**  
**Karolinska Institutet**  
**Stockholm University, SWEDEN**  
Friday 16 November 2018  
14:30- 15:15

*Chair: Ingemar Kåreholt*

### **Lifestyle and Behavioral Factors for Cognitive Decline and Dementia in Old Age**

Dr Chengxuan Qiu is Associate Professor and Senior Lecturer at Karolinska Institutet (KI). Since 1999, Dr Qiu has focused his research on epidemiology of dementia, lifestyle and vascular factors for brain aging, and time trends of health in aging, which involves several population-based projects such as the Swedish Kungsholmen Projects and the Icelandic AGES-Reykjavik Study. Dr Qiu has collaboration with several institutions and universities, e.g., National Institute on Aging at NIH in USA and Shandong University and Institute of Psychology at Chinese Academy of Sciences in China. Dr Qiu's group consists of doctoral students, postdocs, and junior researchers. His research is supported by grants from the Swedish Research Council, the Swedish Research Council for Health, Working Life and Welfare, KI, and the National Natural Science Foundation of China. Dr Qiu's research has led to ~120 peer-reviewed articles and 15 book chapters (h index 35).

## ISBM Awards

The International Society of Behavioral Medicine (ISBM) is most pleased to announce the recipients of the ISBM Awards 2018.

Recipients will be officially recognized during the Opening Ceremony of the International Congress of Behavioral Medicine, 14<sup>th</sup> November 2018, Santiago, Chile.  
Warm congratulations to all awardees!

### Life Time Achievement Award

This award recognizes substantial contributions to behavioral medicine over the whole of a career. Recipients are recognized for distinguished scholarly contributions to the science of behavioral medicine across a productive career.

Jorge Amadeo Grau Abalo, PhD  
Professor of Health Psychology  
Medical Sciences University of Havana,  
Havana, Cuba

Eliana Guic Sesnic, MSc. PhD  
Associate Professor, Health Psychology Program

Santiago, Chile

Omer van den Bergh, PhD  
Professor of Psychology  
Health Psychology, Faculty of Psychology and Educational Sciences,  
University of Leuven  
Leuven, Belgium

### Distinguished Scientist Award

This award recognizes distinguished theoretical or empirical contributions to behavioral medicine. Recipients have made several outstanding contributions to the science of behavioral medicine.

Michael H. Antoni, PhD  
Professor of Psychology and Psychiatry and Behavioral Sciences  
University of Miami and Sylvester Cancer Center  
Miami, FL, USA

Annette L. Stanton, Ph.D  
Professor of Health Psychology  
Department of Psychiatry and Biobehavioral Sciences  
UCLA, Los Angeles, CA, USA

## 15th INTERNATIONAL CONGRESS OF BEHAVIORAL MEDICINE

### Outstanding New Investigator Award

This award recognizes an outstanding contribution by a new investigator to the science of behavioral medicine. Recipients have made a specific, outstanding contribution to the science of behavioral medicine, and are more experienced than those who apply for the Early Career Award.

Ricarda Nater-Mewes, PhD  
Head of Outpatient Unit for Research, Teaching, and Practice  
Faculty of Psychology, University of Vienna  
Vienna, Austria

### Distinguished Career Contribution Award

This award recognizes a distinguished career as a leader in the field of behavioral medicine. Recipients have made distinguished contributions at national or regional level to the development of behavioral medicine. Contributions can be to behavioral medicine as a clinical field or as a field in public health and health promotion; to teaching of behavioral medicine; or to mentoring in the field of behavioral medicine.

Anne H Berman, PhD  
Associate Professor of Clinical Psychology  
Department of Clinical Neuroscience, Center for Psychiatry  
Research, Karolinska Institute  
Stockholm, Sweden

Kerry Sherman PhD  
Professor, MAPS Health Psychologist  
Deputy Head Dept. L & T Centre for Emotional Health  
Department of Psychology, Macquarie University  
Sydney, Australia

## International Collaborations Award

This award recognizes important contributions to facilitate international collaboration in the field of behavioral medicine. Recipients have made distinguished contributions to facilitate collaboration between ISBM member societies, or between ISBM and organizations outside ISBM.

# Morning and Mid-day Meetings

**Thursday 7:30 – 8:20**

## FORGING INTERNATIONAL COLLABORATIONS TO STUDY THE DISSEMINATION OF THE HUMAN PAPILLOMAVIRUS VACCINE IN LOW AND MIDDLE INCOME COUNTRIES

Sheri Sheinfeld Gorin, Julia Brotherton, Catterina Fereccio, Sharon J.B. Hanley, Rebecca B. Perkins

Room: Norte America

Be a part of this groundbreaking meeting to develop international collaborations with a focus on approaches for disseminating the HPV vaccine in low-and-middle income countries.

## DATA BLITZ: TOP ICBM POSTER ABSTRACTS BY SCIENTIFIC TRACK

Shelby Langer, Susan Lutgendorf, Sheri Sheinfeld Gorin

Room: Parinacota

Get a helpful snapshot of some of the best of ICBM 2018 at this fun, fast-paced meeting in which poster presenters from each scientific track will have 2-3 minutes to orally present their work.

## EARLY CAREER MENTORING BREAKFAST ROUNDTABLES

Betsy Seng

Room: Centro America

Calling all early career professionals! This meeting will facilitate early career mentorship in behavioral medicine by providing a small group roundtable format conversation with a senior researcher or practitioner in behavioral medicine.

## MEET THE EDITORS OF TRANSLATIONAL BEHAVIORAL MEDICINE. A PREMIER JOURNAL OF THE SOCIETY OF BEHAVIORAL MEDICINE

Suzanne M. Miller, Michael A. Diefenbach

Room: Sud America

Take advantage of this opportunity to meet the editors of Translational Behavioral Medicine (TBM), a premier journal published by the Society of Behavioral Medicine. Get an insider's view on publishing your behavioral medicine research and finding success in the peer review process.

**Thursday 13:10 – 14:00**

## INTEGRATION OF PSYCHOLOGY TO GENERAL HEALTH CARE: CONTRIBUTIONS FROM BEHAVIORAL MEDICINE TO PUBLIC HEALTH POLICIES

Frank Penedo, Hector Betancourt, Jorge Grau, Judith Prins, Alfonso Urzúa, Eliana Guic

Room: Norte America

Join a thought-provoking discussion on the role that psychologists and other behavioral medicine professionals can and should play in general health care, with attention to existing barriers of integrating psychologists into healthcare systems.

## INTRODUCTION TO THE INTERNATIONAL SOCIETY OF BEHAVIORAL MEDICINE

Urs Nater, Frank Penedo

Room: Parinacota

Take this opportunity to learn more about ISBM! Come join ISBM board members to hear about future directions of ISBM, voice your opinions, and learn how to get involved in this unique organization.

## REVISING THE DEFINITION OF BEHAVIORAL MEDICINE: PERSPECTIVES FROM 'WESTERN' AND 'NON-WESTERN' COUNTRIES

Joost Dekker, Frank Penedo, Joseph Lau

Room: Tupungato

Help to shape the very definition of behavioral medicine! This meeting will disseminate

the revised definition of behavioral medicine, discuss feedback, and encourage the exchange of ideas with special attention paid to non-Western perspectives of the field.

## ROOM 65: OPENING THE MIND'S WINDOW

Guilherme Pinheiro de Freitas

Room: Llaima

Join this very special session in which Dr. Guilherme Pinheiro de Freitas will provide a rare view into his experiences with Locked-in Syndrome, an illness he was diagnosed with at the age of 33, including aspects of his powerful journey since diagnosis.

## AN AUSTRALASIAN HEALTH PSYCHOLOGY & BEHAVIOURAL MEDICINE INITIATIVE

Kerry Sherman, Barbara Mullan

Room: Centro America

This roundtable will provide a critical opportunity for researchers in Australia and New Zealand to discuss potential projects in cancer prevention and control, including practical ideas for finding international collaborators and obtaining pilot data.

## DIGITAL BEHAVIORAL MEDICINE RESEARCH IN NORDIC COUNTRIES: CURRENT SELECTED INSIGHTS FROM DENMARK AND SWEDEN

Mette Hoeybye, Loni Ledderer, Christopher Sundström, Anne Berman

ROOM: Sud America

Please note time of this meeting is 13:10-14:20pm

This meeting will offer critical insights into the latest digital behavioral medicine research from two Nordic countries, focusing on sleep, pain, diabetes and alcohol behaviors, with attention to implementation both within the healthcare context and outside of it.

## THE WILLIAMS LIFESKILLS PROGRAM AROUND THE WORLD: EXPERIENCE IN HUNGARY, BRAZIL, COLOMBIA AND CHINA

Redford Williams, Adrienne Stauder, Xiaoping Wang, Hernan Rincon, Alexandre Ghelman, Virginia Williams

Room: Europa

Come learn about the international evidence base for the Williams LifeSkills (WLS) Program, a standardized cognitive behavioral stress management and interpersonal relationship skills training. Four presentations will describe adaptation of WLS in different cultures around the world.

## THE INTERNATIONAL BEHAVIOURAL TRIALS NETWORK: AN INTERNATIONAL EFFORT TO IMPROVE BEHAVIOURAL CLINICAL TRIALS

Susan Czajkowski, Molly Byrne, Kenneth Freedland, Lynda Powell, Simon Bacon

Room: Antartica

Learn novel ways to enhance your behavioral trials research! The IBTN was created to provide guidance on methodological issues and current best practices in the development and implementation of behavioral trials. This session will focus on current IBTN efforts to improve our knowledge gaps.

**Friday 7:30 – 8:20**

## BUILDING YOUR BEHAVIORAL MEDICINE NETWORK: PROFESSIONAL DEVELOPMENT FOR EARLY CAREER INVESTIGATORS IN UNDER-DEVELOPED AND TRADITIONALLY UNDER-REPRESENTED REGIONS

Supported by The U.S. National Cancer Institute

Room: Tupungato

Are you an early career investigator in Africa, Latin America or Southeast Asia? Learn how to develop a professional network of behavioral medicine peers, mentors and colleagues in traditionally under-represented regions. Meet with behavioral medicine leaders to discuss strategies for identifying existing resources and making new connections that will help you advance your research efforts - particularly in non-communicable diseases such as

cancer and diabetes.

HEALTH PSYCHOLOGY IN CUBA: 50 YEARS OF CONTRIBUTIONS TO HEALTH AND WELL-BEING  
Alberto Cobian, Jorge Grau, Olga Infante, and Maria del Carmen Llantá  
Room: Llaima  
Attend this fascinating panel to learn about the accumulated experience of Cuban health psychologists who have played a key role in integrating Health Psychology into health services in Cuba.

EARLY CAREER RECRUITMENT AND RETENTION IN BEHAVIORAL MEDICINE ORGANIZATIONS  
Betsy Seng  
Room: Centro America  
Attend this important panel to discuss the challenges in recruitment and retention of early career professionals and effective strategies to promote early career membership in behavioral medicine organizations across the globe.

INTRODUCTION TO PAN AMERICAN HEALTH ORGANIZATION (PAHO) INITIATIVES AGAINST COMMUNICABLE DISEASES  
Massimo Ghidinelli  
Room: Sud America  
PAHO is an international public health agency working to improve health and living standards of the people of the Americas. EMERGING BEHAVIORAL MEDICINE OPPORTUNITIES IN UNDER-DEVELOPED AND TRADITIONALLY UNDER-REPRESENTED REGIONS: IMPLEMENTING STRATEGIES IN CANCER, DIABETES AND OBESITY CONTROL  
Supported by the U.S. National Cancer Institute  
Room: Norte America  
Global shifts in noncommunicable disease burden highlight the critical importance of efforts to address modifiable risk factors in traditionally under-represented regions. Join this valuable opportunity to learn about and discuss the latest advances in behavioral medicine research on non-communicable diseases in Africa, Latin America and Southeast Asia.

GETTING YOUR RESEARCH PUBLISHED IN BEHAVIORAL MEDICINE JOURNALS: TIPS FROM EDITORS  
Tracey Revenson, Michael Hoyt  
Room: Parinacota  
Publishing your research in academic journals is key to advancing your career. This meeting will provide invaluable tips on getting your research published in behavioral medicine journals, from the current Editors-in-Chief of the International Journal of Behavioral Medicine.

EDUCATION AND TRAINING IN BEHAVIORAL MEDICINE: PRESENT AND FUTURE PERSPECTIVES  
Anne Berman, Frank Penedo, Joost Dekker, Kerry Sherman, Joseph Lau  
Room: Tupungato  
Help to shape ISBM Education & Training Committee activities! Participate in an open dialogue with committee leaders on your interests and priorities and meet the incoming Education and Training Chair.

2020 INTERNATIONAL CONGRESS OF BEHAVIORAL MEDICINE (CLOSED MEETING)

**Save the date for the 16th International Congress of Behavioural Medicine!**

**The Congress will take place on the 19 -22 of August 2020,  
in the city of Glasgow, Scotland's largest city.**

Glasgow has been voted the world's friendliest city and is renowned for its culture and style. It offers a blend of internationally acclaimed museums and galleries, stunning Victorian architecture, vibrant nightlife, fantastic shopping, a diverse array of restaurants and bars and it is on the doorstep of some of the world's most beautiful scenery. The Congress will include internationally known keynote speakers and master lecturers who will deliver talks on topics of critical importance to behavioural medicine.
